Message

It gives me great pride to welcome you all to Invertis on the occasion of 4th Annual Convention of Association of Pharmacy Professionals at Institute of Pharmacy, Invertis University, Bareilly, Uttar Pradesh on 31st January, 2015.

Invertis was driven by my desire to provide an educational hub to nurture ideas and ideals that would profoundly influence the world outside. Our mission has always been to provide not just world class education, aided by the best of faculty, but an environment that fosters holistic development with emphasis on character building. It is heartening to see that Invertis is becoming a centre for excellence that I had envisioned it to be. I assure you that we will leave no stone unturned in our quest to make Invertis one of the top ranked universities of the world. I hope that you make the best use of our resources to get a globally relevant education that prepares you not only for today's world, but for the challenges of tomorrow.

I convey my best wishes for the grand success of APP 4th Annual Convention of Association of Pharmacy Professionals at Invertis University.

A Warm Welcome on behalf of IU.....

Dr. Umesh Gautam

Vice-Chancellor, Invertis University

Bareilly, Uttar Pradesh

**From the Desk of Vice Chancellor,
Invertis University, Bareilly, Uttar Pradesh:**

Prof. Dr. Jagdish Rai
Ph.D

Message

It is pleasing to note that Invertis Institute of Pharmacy, Invertis University, Bareilly, Uttar Pradesh is hosting 4th Annual Convention of Association of Pharmacy Professionals to be held on 31st January, 2015.

Education is the treasure, which neither can be stolen nor appropriated by anyone. Education gives you knowledge and knowledge gives you happiness and blossoms your life. Educate self and educate others, when you are within or outside the portals of any educational institute. Society is becoming more and more complex day by day and it is mainly because the knowledge is withering away and the mind is shrinking and the man is becoming selfish. Without a rather open and wide mentality we cannot approach any modern problem. Without it, we cannot clarify the social and intellectual background from which current ideas emerged.

I convey my hearty congratulations and warm wishes to the APP and Invertis Institute of Pharmacy, Invertis University who have come forward to address the emerging areas of pharmaceutical education and research by developing and strengthening of competences and innovations in our young scientists. I wish the program all success.

A Warm Welcome on behalf of IU.....

Prof. Dr. Jagdish Rai

Vice-Chancellor, Invertis University

Bareilly, Uttar Pradesh

Message

It is an immense pleasure for me to cordially welcome all the speakers and delegates on this great occasion of **APP 4th Annual National Convention on "Industry Participation in Academic Intervention: Need for Overall Upgradation of Pharmacy Profession"** hosted by Invertis Institute of Pharmacy, Invertis University, Bareilly, Uttar Pradesh, India. Huge gathering from scientific community of this kind are unique platform to witness the scientific lectures by eminent speakers from academia and industry, research and reviews by means of oral and poster presentations. This occasion will implant new experiences and innovative ideas in the growing pharmacists and researchers.

It is also a matter of pride and privilege that the convention is going to be witnessed by presence of eminent scientists, academicians and industry professionals. This scientific mela will bring together all students, researchers and speakers in close contact to discuss various trends and views for betterment of pharmaceutical education and research. I whole heartedly thank to all contributors for their kind support and wish a grand success to this convention.

A Warm Welcome on behalf of APP family.....

Dr. Rajiv Dahiya

Message

It gives me immense pleasure and pride when I got the news that Association of Pharmacy Professionals is going to organize its Fourth Annual National Convention on theme “Industry Participation in Academic Intervention: Need for Overall Upgradation of Pharmacy Profession” on 31st January, 2015.

I hope that this convention will offer a common platform for academicians, researchers, industrialist, clinical practitioners, and young budding pharmacists to share their ideas and emerge with new concepts. Pharmaceutical R & D always play a pivotal role through innovative techniques in developing effective, predictive and efficient strategies to approach drug discovery and development process.

I appreciate the work of APP in pharmacy and assure about best future for this unique project.

Dr. Milind Pande
